Legal Mark Evans and Sue Starr to meet with Huddersfield Live on 2/10/18 to talk about licenses. Still running on a temporary event licence and needing to check if anything has changed.
John for licensing the bar can have 12 temporary licences a year – can be covered if needed.
Insurance – doubled on advice from Huddersfield Live.

Needed Litter control – Temporary litter bins as the ones we have are locked and not great for the amount of litter created during the day itself.
as many hands as possible needed for tidying up after the end of the day.
Howard Roche having the skip on driveway again.
Question posed as to asking the stall holders to clean up after themselves after they finish with the stall – it has been suggested this happens every year but it does not necessarily happen. Sue Starr to write something to inform stall holders of the clearing away of rubbish and where it can be done.
