

Meeting at the Star Folly Hall October 2nd 2018

Sue and Mark went to talk about GLD with Huddersfield Live and pick their brains. Sam came to GLD last year and had some useful insights.

The procession needs more impact. It's possible that we could have floats and more noise. Fancy dress would be good. The procession could be followed by a fancy dress fun run. Competitors could raise funds for their own charities paying GLD £10 pp to take part. We need to find someone to organise this. The heroes theme lends itself very well to this.

Rubbish. The most useful way to solve this is to buy cheap bins, have plenty of spare bin bags in them. Need to find somewhere to store them.

Cleaning the car park afterwards. Deposit of £20 per stall to be returned when we see that everything is cleared away and rubbish taken to skip. More work in some ways but less picking up cardboard boxes.

Go back to having things in shop windows. Hunt the super hero perhaps.

Face painting time slots

We discussed licences and I have been contacted by Stephanie Mashiter from licensing. We seem to be Ok as we are to cover regulated entertainment and the beer tent. It's always worth checking that we are covered.

AND good news from the co-op. We have been chosen for the next round of the co-op community fund. This will run for 12 months until 26th October 2019. So worth the effort!

Sue
