“Turning town end Red White and Blue”

- Louise has knitting patterns for the union flag bunting to replace the Green and White original bunting for this one year. She will circulate it through the groups so that we can make a start.
- Costumes needed – theme of 1940's
- Potential for the gentleman on Scar Lane to join us with some items to look at on the day.
- Sue to look into the cost of a fly over to check viability due to the busy weekend.
- Knitting and plastic bunting to be done now due to demand closer to the time.
- Theme the music around WW2 and the 1940's – probably already doing so but will need to push for it.
- Themed fancy dress for the children
- Louise proposed the idea of using tables and chairs on Town End in “Street Party” idea as seating areas for those people buying from the food stalls to sit on. Idea taken up.
- School involvement – designing the tables cloths to use on the tables, either giving the children blank cloths for them to draw on or getting the cloths printed with the designs.
- Voting on turning the village “Red, White and Blue” for next year rather than the traditional green and white – Phil to notify Mark Evans to update the website.
